A Case of Bright's Disease Cured b Chase City Lithia Water.

TESTIMONIALS.

MINERAL HOTEL, CHASE CITY, VA., June 18, 1800.

Messrs. Hardy & Roller,
Proprietors Chase City Lethia Water,

Messrs. Hardy & Roller,
Proprietors Chase City Lithia Water,
Gentlemen,—On my arrival here from my home, Bloomtleld, Ky., the 11th of this month. I met my neighbor, Mr. John D. Wakefield has, to my own personal knowledge, been in very bad health for seven or eight years, and during that time treated by some of the most eminent physicians of Kentucky. His nervous system was affected, complicated with Bright's disease of the kidneys, and it appeared at one time that he would lose one of his kidneys entirely. He was as near death as a man possibly could be. He tried some of the celebrated mineral waters of this country and obtained only temporary relief.

He visited this place and has been using the Chase City Lithia Water since 24th of April, 1890, and, so far as I can now discover, he has complete relief. His complexion healthy, action improved, appetite restored, rest tranquil, and spirits revived. His general condition indicates a restored and invigorated man, attributable to the use of the Chase City Lithia Water.

Very respectfully,

James R. Hughes, M. D.

I fully concur in the above statement of Dr. Hughes, and I am so much assured of the great benefits derived from the use of the Chase City Lithia Water in effecting a CURE, hitherto despaired of, that I have determined to bring my family here from my home in Kentucky to reside for some time. I attribute my restoration to health solely to the use of this water.

Gentlemen.—I write to inform you of the result of the use of your A. B. C. Tonie in my case; my routile was Chronic Catarrh, 12 years' standing, puring this period I tried superior needical aid and many recommended remedies without substantial benefit; I tried your preparation without my faith that it or anything else would ever ure my Catarrh. I have used five bottles and else volume m well. I observe, however, you addise in your treatise on Blood Diseases that one hould continue to use it for six months after seing cured, and I propose to do it. This testimonial is given from the standpoint that your conic merits it, and with the hope that others imiliarly affected may try it.

Respectfully
